## BEVERIDGE SNUBBED! BY BEET SUGAR MEN.

Indiana Senator Hoped to Make Speech Before Utah Republican Convention.

HEARD HE WAS NOT WANTED.

Finally Spoke His Piece After Meeting Had Adjourned, Making Only Mildest Reference to Cuban Reciprocity.

Ogden, Utah, Sept. 11.-The Republican State Convention to-day nominated Joseph Howell of Wellsville, Cache County, for Congress, and Judge William McCarthy of Sevier County for Supreme Court Justice and adopted a platform, in which mention of Cuban reciprocity was omitted.

On this point the beet-sugar interests of the State won after a somewhat bliter and protracted debate, in the Committee on

Friends of Congressman Sutherland, who was one of the Republican "insurgents" on the reciprocity question in the last session of Congress, were determined that specific indorsement of the President's Cuban policy should have no place in the platform, and they prevailed. In this they were aided by the church people, who insisted that a compromise platform cordially indorsing Presi-dent Rooisevelt's administration be adopted, but leaving out direct reference to the pro-

posed 20 per cent reduction.

So strong was the feeling over the feature that had the original programme as regards order of business be carried out, it is probable that an unpleasant incident would have

occurred.

United States Senator Beveridge of Indiana was scheduled to deliver a speech this evening, marking the formal opening of the Republican campaign in Utah.

This programme was changed last night to have Senator Beveridge speak at the close of the morning session to-day.

When the beet sugar sympathizers heard of this they openly threatened to give him a hoatile reception, believing it a plan to influence the convention in favor of a Cuban reciprocity plank.

A hint of the turn of affairs reached Senator Beveridge and he discressly failed to appear before the convention this morning. He was somewhat consoled when most of the delegates listened to his speech tonight after the convention had adjourned, but his one brief reference to Cuban reciprocity was most carefully and mildly worded.

SHOE MEN AT A BANQUET. Brown Company Entertains Its Managers and Salesmen.

The Brown Shoe Company gave its semiannual banquet to its traveling salesmer and department managers last night at the Mercantile Club, seventy-two covers being Mercantile Club, seventy-two covers being laid. The evening's entertainment was a unique combination of pleasure and business, instructive and enjoyable to all. President D. W. Brown was toastmaster, and the responses were the interesting feature of the programme. The superintendent of each of the four factories was called upon, and answered with a humerous and terse statement of the methods and peculiarities whereby his factory excelled all others. Then salesmen from the Atlantic and the

Then salesmen from the Atlantic and the Pacific coasts, and from Canada and Mexico, and from districts within these limits, and also from foreign parts, gave entertaining sketches of the idiocyncrasies of those with whom they deal, and outlined original schemes by which they had won success. So every man present was called upon for remarks.

Seymour's First Regiment Band furnished music throughout the evening. The menu was elaborate, and the banquet hall was decked with florai displays. Sometimes ali joined in singing some catchy air with the music of the orchestra, and the entertainment continued merrily for several hours.
